Our measures as a price leader perfectly met the needs of customers and successfully expanded the customers' wallet share. Tax-free sales for inbound customers have never experienced the negative growth. The drop in per-customer spending hit the bottom last summer and the sharply rising customer traffic is contributing to the strong inbound consumption.

- SGA is well-controlled for existing stores. The change in organization structure and measures taken for better efficiency are bearing fruit. The personnel cost naturally increased for aggressive new store openings.
- OP went up by $6.3 \%$, Profit attributable to owners of parent was up $36.7 \%$, both beat YoY results and our guidance.

## Same-store sales
